*Original Compositions  
for the Highland Bagpipe  
by Chris Eyre and Joe Massey*

**Book 1**

## FOREWORD

*This book is the product of a long and warm relationship between Joe Massey and myself over at least thirty years coupled with our mutual interest in composing. Some of these tunes have taken many years to mature. Others have been written in one session. That's the way it goes sometimes. I hope you find something of interest for you here.*

*Chris Eyre.*

*Joe joined the Scots Guards after leaving school, one of three brothers who served with the regiment, the eldest being killed in action. He learnt his piping with the 2nd Battalion and also studied at Buckingham Palace under Alec MacDonald, the then Sovereign's Piper.*

*For a while he played with the Clan MacLeod Pipe Band, and then as Pipe Sergeant of the Clan Cruachan Pipe Band. He then joined the Cameron Highlanders 1st Battalion the Liverpool Scottish until its disbandment in 1967.*

*He then became Pipe Major of the Liverpool Irish and was that regiment's last Pipe Major. The Irish then became the 103 Light Air Defence Regiment, and Joe was asked to form a new band and became its 1st Pipe Major.*

*Joe then moved to Ayr, where he was P/Sgt of the Killoch Colliery Pipe Band and was called upon during this time to judge the Killoch Junior Solo Piping competition. He then played with British Caledonian Airways Pipe Band for several years before retiring to Anglesey. He then moved to Formby where he helped for several years in training the Merseyside Cadet Pipe Band at Altcar.*

*While serving in the Liverpool Scottish, he was invited by Capt. John MacLellan to be guest Piobaireachd player at the West End Hotel ceildh owned by Gordon Usher, and played in front of D.R.MacLennan and P/M Evan MacRae.*

*I learned my piping for the most part in Scotland. For several years I was taught by Sandy Mitchell in Peebles. Later I attended a series of Summer Schools at Stirling University where I studied under several excellent pipers, i.e. Hugh MacCallum, Iain and Duncan MacFadyen, Capt. John MacLellan, Andrew Wright, and Donald Morrison. During this time I gained the Institute of Piping's Senior Certificate. For a number of years I also attended Duncan Johnstone's School of Piping in Glasgow.*

*Apart from the piobaireachd I was taught at the Summer Schools, I also learned quite a number of tunes from P/M Donald MacLeod and several others from P/M Evan MacRae, who I knew for some years after his return to Fort William and just prior to his winning the Gold Medal at Oban.*

*I have also played in several pipe bands, competing in Grades 4, 3 and 2. In 1991 I moved to the Liverpool Scottish Regimental Association Pipe Band and was their Pipe Major from 1992 to 2003. Since then been with the Wirral Pipe Band*

# The Men of Hooge

*Chris Eyre*

Sheet music for 'The Men of Hooge' in G major, 6/8 time. The music is divided into four staves, each representing a different instrument or section of the band. The notation includes various note values such as eighth and sixteenth notes, along with rests and dynamic markings.

**16th June 1915** The 1/10th (Scottish) Battalion, The King's (Liverpool) Regiment, T.F. took part in an attack at Hooge during the 1st Battle of Bellewaarde. Of 23 Officers and 519 O.R's who went into action, only 2 Officers and 140 Men came out unscathed.

*March*

# The Cobbler

*Chris Eyre*

Sheet music for 'The Cobbler' in G major, common time. The music is divided into four staves, each representing a different instrument or section of the band. The notation includes various note values such as eighth and sixteenth notes, along with rests and dynamic markings.

The alternative name for Ben Arthur, a very distinctive mountain near the head of Loch Fyne in Argyll. It lies between Ardgartan and the Rest And Be Thankful on the road to Inverary.

*March*

# The North West of England Piping Society

*Chris Eyre*

Sheet music for 'The North West of England Piping Society' in March time, treble clef, key of G major (two sharps). The music consists of four staves of piping notation, featuring various note heads and stems.

*Formed in 1992, due mainly to the efforts of Owen Nash whose brainchild it was and who is still the mainspring behind its activities, the Society hosts a recital by two leading pipers every six months in the Manchester area. To date (April 2002) the Society has staged 21 of these most memorable events in the Manchester area. The Society also runs an annual Solo Piping competition in March, Strathspey & Reel, and Slow Air, Hornpipe & Jig.*

*March*

# Fraser Street Barracks

*Chris Eyre*

Sheet music for 'Fraser Street Barracks' in March time, treble clef, key of G major (two sharps). The music consists of five staves of piping notation, featuring various note heads and stems.

*The home of the Liverpool Scottish until 1967. The site is now occupied by Pickwick's night club.*

## P/Sgt Harold Prescott

*Chris Eyre*

The musical score consists of four staves of music in G major, 4/4 time. The notation includes various note values such as eighth and sixteenth notes, along with rests and dynamic markings. The music is divided into measures by vertical bar lines.

**Seconds**

The musical score consists of four staves of music in G major, 4/4 time, continuing from the first section. The notation includes eighth and sixteenth notes, along with rests and dynamic markings. The music is divided into measures by vertical bar lines.

*Harold's long record as an active piper in the Liverpool Scottish is impressive. He enlisted in the 1st Battalion, Liverpool Scottish, Queen's Own Cameron Highlanders. T.A. in June 1939 and served until its disbandment in 1967. He then joined the*

*newly-formed 'V' Co. (Liverpool Scottish), 51st Highland Volunteers T.A.V.R. serving for many years as its first Pipe Major.*

*In 1989 he was a founding member of the Liverpool Scottish Regimental Association Pipe Band and was still playing regularly with the band until only a few years before his death in March 2002. He is pictured here playing with the band in his role as P/Sgt in the early 1990's.*

*March*

# Cpl C. Massey

*Joe Massey*

The sheet music consists of six staves of musical notation. The first five staves are in G major, 6/8 time, while the sixth staff begins in G major and transitions to A major. The notation includes various note heads, stems, and rests, typical of a marching band score.

*The eldest of Joe's brothers.*

*Charles was killed in action at Bonningharte, Holland, three weeks before the end of World War 2.*

*March*

# C.L. Massey's Farewell to the Royal Highland Fusileers

*Joe Massey*

The sheet music consists of six staves of musical notation. All staves are in G major, 12/8 time. The notation features eighth-note patterns and rests, characteristic of a march or farewell hymn.

*March*

# S/Sgt. M. Molyneux B.E.M.

*Joe Massey*

The sheet music consists of eight staves of musical notation for a single instrument, likely a flute or piccolo. The music is in common time with a key signature of two sharps. The notes are primarily eighth and sixteenth notes, with several grace notes indicated by vertical stems and small horizontal strokes. The music is divided into measures by vertical bar lines. The eighth note heads are filled in black, while the sixteenth note heads are white with black outlines. Measure 8 includes a dynamic instruction '1' and '2' above the staff, indicating two endings.

*Mick Molyneux served as a Staff Sergeant in the Liverpool Scottish.  
He is now the Chairman of the Liverpool Scottish Regimental Association.*

*March*

# Rosalind Lee of Murlaggan

*Joe Massey*

*Rosalind is a school teacher, and is, at the time of publication, one of Joe's pupils. She owns a croft in Murlaggan, near Fort William, and spends much of her time there.*

*March*

# Resurgam

*Joe Massey*

*This tune was written in honour of all submariners and was dedicated to them during a service at St Nicholas' Church, Liverpool. The title is Latin for "They will rise again". Incidentally, some years later a submarine bearing the same name which was sunk in the river Mersey during WW2 was brought back to the surface.*

*Here Joe had just played the tune for the first time at HMS Dolphin in Gosport during a visit there with the 103 Regiment Pipe Band.*

March

# W. Baker's Return to the Royal Regiment

Joe Massey

The sheet music consists of eight staves of musical notation for a single instrument, likely a flute or piccolo. The music is in common time (indicated by '2/4') and uses a treble clef. The key signature is A major (two sharps). The notation includes various note heads, stems, and bar lines, with some measures featuring sixteenth-note patterns. The music is divided into sections by vertical double bar lines with repeat dots. The final section concludes with a bracket labeled '1' over the first measure and '2' over the second, indicating a repeat of the ending.

*March*

# Pipe Major Tom Savage

*Joe Massey*

The sheet music consists of ten staves of musical notation for a pipe instrument. The music is in G major and 6/8 time. The notation includes various note heads, stems, and bar lines. The first nine staves are standard horizontal staves, while the tenth staff is a vertical staff positioned below the ninth, with a circled '1' above it and a circled '2' below it, likely indicating two endings.

*Tom served as a piper for many years in the 103 Regiment Pipes and Drums and eventually took over as Pipe Major. He then moved to "V" Co. the Liverpool Scottish where he succeeded Glyn Pritchard as Pipe Major when he retired.*

*March*

## Pipe Major Ken Beamer

*Chris Eyre*

The sheet music consists of eight staves of musical notation. Each staff begins with a treble clef, followed by a key signature of two sharps, and a 4/4 time signature. The music is a continuous melody of eighth and sixteenth notes, with occasional grace notes and rests.

*A long serving member of the 103 Regiment Pipes and Drums as a piper, Ken has now served for many years as Pipe Major. The band was for many years based at Daysbrook Barracks, Liverpool. A few years ago the band moved to its present location in St. Helens.*

*March*

## D/M John Noble's Farewell to Ayr

*Joe Massey*

The sheet music consists of five staves of musical notation. Each staff begins with a treble clef, followed by a key signature of one sharp, and a common time signature. The music is a continuous melody of eighth and sixteenth notes, with occasional grace notes and rests.

# Pipe Major Ken Milne

## Farewell to the 1/51 Highland Volunteers

Chris Eyre

The musical score consists of four staves of music. The first staff starts in common time (indicated by a 'C') and then changes to 6/8 time. The second staff begins with a measure labeled '2 of 2'. The third staff starts with a measure labeled '1'. The fourth staff ends with a measure labeled '2'. The music is written in G major, with various note heads and stems indicating different pitch levels.

When, in April, 1967, the 1st Battalion, Liverpool Scottish, Queen's Own Cameron Highlanders, T.A., based at Fraser Street Barracks, was disbanded, 'V' Co. (Liverpool Scottish) was established in its place as one of five rifle Companies of the 1st Batt. 51st Highland Volunteers. Their new home was Forbes House, Score Lane, Broadgreen. This association with the 51st continued until 1999 when "V" Company reverted to its original role as part of the King's (Liverpool) Regiment.

This change involved the breaking of a long-established tie with a most enjoyable group of pipers and drummers, and this tune was written to commemorate that rather sad occasion.

Shown here is the 51st parading in the Liverpool in 1992 and includes the combined pipe bands of the Liverpool Scottish, the London Scottish and the band from HQ in Perth.

Sheet music for The High Hill, a reel by Chris Eyre. The music is written for a single treble clef staff in G major, 2/4 time. It consists of five staves of musical notation, each with a different pattern of eighth and sixteenth notes.

A view of the track leading to the summit of Ben Nevis. It starts in the bottom left hand corner, near to Glen Nevis Youth Hostel. The summit is just in view, top right. The ascent takes about 4 hours. Even in July when the temperature in the glen is 90 degrees F there are still snow-fields near the summit. The final 1000 feet is a gruelling zigzag path through boulder scree. It is just visible here but the fore-shortening in the picture gives no idea of the scale involved.
